YOUR FACILITATOR

MEET INDRANEE REDDY

Director of Programmes & Facilitator

Kōhatu Ora

Born in South Africa, Indranee spent 10 years as an accountant at Unilever, building a strong foundation in finance and organisational leadership before immigrating to New Zealand.

In their early years here, Indranee and her family took a leap of faith and purchased a cafe and restaurant in Clendon, Manurewa. What began as a business quickly became a place of connection — for over 25 years they have served and built relationships within the South Auckland community.

Indranee's heart for people and her commitment to uplifting others led her and Cliffy to co-found **Te Whakaora Tangata**, walking alongside individuals and families facing high-risk challenges — supporting communities across South Auckland for more than two decades, and in Northland over the past five years.

Today, at **Kōhatu Ora**, Indranee continues to lead with compassion, purpose, and a deep belief in the strength and potential of every person and community she serves.

LOOKING FORWARD TO SEEING YOU
